At a Glance

Who We Are

- Safety, for our employees and the communities where we operate, is our first priority
- We are focused primarily on the Greater Wattenberg Field in Colorado’s DJ Basin
- We are an innovative, forward-looking company that uses cutting-edge technology to operate safely and responsibly while minimizing impacts

Extraction Oil & Gas in Your Community

Oil and gas development provides many benefits:

- Stable, long-term jobs with great benefits and higher wages
- Business creation and growth
- Revenue for cities, counties and other jurisdictions
- Economic growth for the entire region and state
- Abundant domestic energy produced in Colorado is used to heat and light our homes and power our economy

We believe that companies can operate both sustainably and profitably. In fact, we believe that is the definition of a successful company.

Our goal is to be the safest and most responsible operator in the Basin.
