Re: Tier 4 Engines

Dear Eric,

We appreciate your continued communication with regard to the use of Tier 4 engines for hydraulic fracturing, at all Broomfield well pads.

Broomfield acknowledges Extraction's position that the Tier 4 engine fleets are not "commonly available". We further acknowledge that Extraction and Liberty have stated that, to the best of their knowledge, the Liberty Tier 4, Quiet Fleet is the only fleet of its kind available in the nation. We understand that Extraction, nonetheless, will endeavor with good faith efforts to make available Liberty's one Tier 4, Quiet Fleet for all of Extraction's completions operations in Broomfield.

Sincerely,

A handwritten signature in black ink, appearing to read 'Charles Ozaki'.
